The Shape of Switzerland

A talk by Diccon Bewes

'My grandmother loved maps but was a hopeless map-reader'. Diccon Bewes' life with maps was born from necessity – navigating the annual family trip to Italy – but grew into a love affair that has yet to fade. In this fascinating and funny talk, he uses maps to give a unique view of Swiss history and geography, from pigs and bears to trains and sex. Join him on a magical journey through time and space.

Diccon Bewes lives in Bern and is the bestselling author of books about Switzerland. At this event he will be presenting one of his newest books, Around Switzerland in 80 Maps. **The talk will be followed by a reception including Swiss wine.**

I/we would like to attend the event on Thursday 27 April 2017 at 7 pm
Entrance: **£8** for NSH members, **£15** per person for non-members.
